Glendale, CA 91206-4385

RE: T-Mobile Wireless Telecommunications Site SV11439A  
508 Cumberland Road, Glendale, CA

Dear Mr. Zurn,

Please be advised that T-Mobile is requesting that the Telecommunications Corporation Encroachment Permit Agreement between Omnipoint Communications, Inc., a subsidiary of T-Mobile USA, Inc. (Permittee) and the City of Glendale, a Municipal Corporation (City) be terminated for the above referenced location. In addition, T-Mobile will not be moving forward with the construction activity associated with the Excavation Permit #M-113-07 or the Tree Permit #0831542.

T-Mobile appreciates the time and effort that the Public Works Department invested in working with T-Mobile to process and issue these Permits. We look forward to working with the City in the future as we strive to improve wireless telecommunications services for the residents, professionals, and emergency responders who live and work in the Glendale area.

Should you have any questions or comments regarding the above request please do not hesitate to contact Adrienne Patnaud at (805) 584-5702 *office* or (714) 553-5658 *mobile*.

Sincerely,

A handwritten signature in red ink, appearing to read 'Dana Taylor', written over a white background.

Dana Taylor  
Director, Engineering and Operations  
T-Mobile LA North
